

Application Number Hyang-Ja Yang, *et al.*
Amendment dated February 1, 2005
Reply to Office Action of December 10, 2004

REMARKS

The allowance of claims 1-36 is acknowledged.

Claim 37 is rejected under 35 U.S.C. § 102(b) as being anticipated by Kohno (U.S. Patent Number 5,943,285). In view of the amendments to the claims and the following remarks, the rejection is respectfully traversed, and reconsideration of the rejection is requested.

Claims 38 and 39 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form. Accordingly, claims 38 and 39 are rewritten in independent form, and claim 37 is canceled. Therefore, the rejection of claim 37 is overcome, and reconsideration of the rejection is requested.

In view of the amendments to the claims and the foregoing remarks, it is believed that, upon entry of this Amendment, all claims pending in the application will be in condition for allowance. Therefore, it is requested that this Amendment be entered and that the case be allowed and passed to issue. If a telephone conference will expedite prosecution of the application, the Examiner is invited to telephone the undersigned.

Respectfully submitted,
